*FAFSA is the Free Application for Federal Student Aid that all students must file if they need financial aid, work study or scholarship. Application is available online beginning January 1 of the year of admissions and the closing date is June 30 of the same year. <http://www.fafsa.ed.gov/>

**Most scholarship applications require filling out an application form by the deadline, along with two essays, resume, and a list of external references. Interviews may be required at the organization. Eligibility requirements vary.

***Most university-based scholarships do not require separate applications. Applicants state on the admissions application that they are applying scholarships and/or financial aids. Scholarship awards are based on students' merit (GPA, SAT, essay, community engagement).
